Notes:

1. Minimum age and licensing requirements apply when progressing to a higher licence class. Please see Eligibility for details or call our friendly staff.
2. Vehicles presented for licence tests must display a current registration label, be roadworthy and loaded to at least 50% of capacity indicated on registration label (does not apply to buses)
3. Driver Safety Services provides MR, HR, & HC class vehicles for licence tests
4. Applicants for Light Rigid training or licence tests must provide a suitable vehicle.
5. Approved training courses are conducted in Driver Safety Services specially equipped training vehicles, and include an assessment (licence test).
6. Applicants progressing from HC to MC may provide a suitable vehicle.
